SUPERINTENDENT'S REPORT

To the School Board and Citizens of Grantham:

It is a real pleasure to report that a balance of about \$1,000 is anticipated with the close of the school year on June 30, 1953. This is due, primarily, to a saving in the cost of transportation and to the fact that some high school pupils have not continued their education. If the budget recommended by the School Board and which is printed elsewhere in this report is approved by the voters of the District, it would seem that the local tax for schools might be slightly less than the amount raised in March, 1952. As you will notice, this is possible chiefly because of the sizable balance from the current year's budget, and a continuation of the same amount of State Aid.

The Legislature is in session and the money available from State Aid to Education is as yet undetermined. New Hampshire spends less from State Government for Aid to Local Districts than any other state except one. We are, however, proud of the fine financial support given the schools by the people in local districts.

Mrs. Mabel Pillsbury and Mrs. Doris Farrington are the teachers in the Village School again and the work is progressing even more satisfactorily this year. Mrs. Ethel Loomis is teaching in the North Grantham School and with the help of her 18 pupils so favorably impressed Harold E. Fuller, salesman for the Norcor Manufacturing Co., Greenbay, Wisconsin, that he gave a complete set of desks and chairs for the school. My personal thanks are extended to all three teachers for their hard work and their interest in the schools.

The teachers have been fortunate in being able to attend a meeting on Teaching of Reading, sponsored by the N. E. School Development Council at Dartmouth,

and to have the benefit of instruction by Miss Elizabeth Van Camp, Reading Director for Scott Foresman Publishing Co. Such meetings help us all to keep acquainted with the best methods.

One test of the success of the elementary school program is the record of pupils in high school. Nearly all Grantham pupils who are now in high school are doing good work. I want to compliment all the boys and girls for their excellent attendance and their interest in doing the school work well.

In concluding this, my second report, I thank the School Board members, the teachers and the people of Grantham for their cooperation and their help in making this a successful year.

Respectfully submitted,

HAMMOND A. YOUNG,

Superintendent of Schools.

REPORT OF SCHOOL NURSE

The School year started off with the routine inspections which include weighing, measuring, eye and hearing testing. I am very happy to say there has been very little sickness this year.

Warm lunches are being sent into the school by different parents and are very much appreciated and enjoyed by all. The clothing which the American Red Cross donated has taken care of many needs.

May I here express my thanks to Mr. Young, the Grantham School Board, and all the teachers who were always very helpful and cooperative. I enjoyed working with all of you.

FLORENCE DePALMA, R. N.
